

Bradford Royal Infirmary

Ultra Fast Track Modular Ward

November 2008

HDP along with HACS group have achieved the impossible with the construction of ultra fast track hospital accommodation. The project was delivered in 6 months from inception to completion. Consisting of 2 No'28 bed wards, with a total of 24 single bedrooms.

To view a full article about the modular ward at the Bradford Royal Infirmary please see the below link to see the Health Estates article where Ian Hinitt, deputy estates director at Bradford Teaching Hospitals NHS Foundation Trust, and project director of the new ward describes the numerous challenges in getting the building completed in just six months.
